No.5400, 5401, & 5402 FORCEFLOW WARRANTY CARD & OWNER INFORMATION

Congratulations! You have purchased JIMS Forceflow Cylinder Head Cooler. Below are some warranty and caution info for you. Follow the instructions packaged with the enclosed kit.

6 MONTH WARRANTY

JIMS will repair or replace at our option any product found to be defective in materials or workmanship for six (6) months from date of purchase. This warranty does not cover items damaged by accident, misuse, or neglect. Any implied warranties are expressly excluded, and JIMS shall not be liable for any loss of product use, or other consequential or incidental costs incurred by the user of our tools.

FOR WARRANTY

All returns for warranty must authorized by the sales dept. before returning product.

Is it O.K. if we contact you for this & other JIMS Promotions?

Performance Parts For Harley-Davidson Motorcycles

IMPORTANT: DEALER / INSTALLER - PLEASE FORWARD TO CUSTOMER

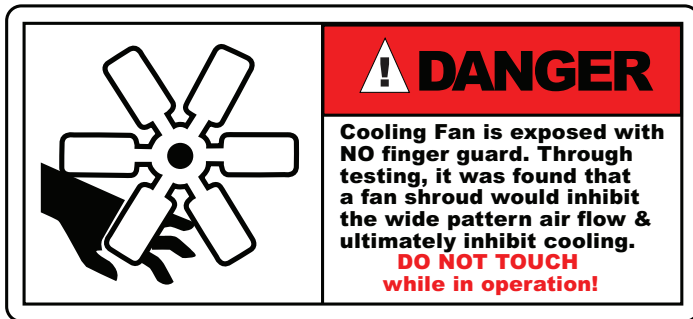

SWITCH OPERATION INFORMATION:

The switch is a two position switch. As shown in the photo if switch is in the forward position (Towards the front of M/C) it is off position and the cooler will not operate. If the switch is in rear position it is in the operating position. It will turn the fan cooler on automatically when the the engine reaches 140° operating temperature.

WARNING!!!

REMEMBER TO KEEP HANDS AND ALL OBJECTS CLEAR OF THE SPINNING FAN BLADE WHENEVER FORCEFLOW UNIT IS SWITCHED TO THE "ON" POSITION.
