Use on all 110" H-D Twin Cam Motors

Use to install shoulderless valve guides to the proper depth. Use with JIMS® tool handle No.34740-84

2. Use with arbor press, also use a press fit lube, on guide.
3. Press in lubed guides until the tool touches the machined surface surrounding the guide.
4. At this point you have reached the correct guide height. Refer to H-D® Service Manual.

CAUTION: Wear safety glasses over your eye's.
